Efficiency and Waste Management

WORKSHOPS 3 OCTOBER 2018

**12:00PM – 1:30PM**

### Clean Energy from Landfill Diversion

**Jeff Snyder**, Senior Vice President of Business  
Development, Aries Clean Energy

The discussion will be based upon our  
proven, patented downdraft gasification  
waste to energy systems and the use of our  
decentralised units to provide an alternative  
solution for landfill and the waste problem  
within Australia and given by Jeff Snyder the  
VP of sales for Aries Clean Energy.

Location: HS 3.1 – HS 3.4

CITY OF MELBOURNE

**2:00PM – 5:00PM**

### City of Melbourne

City of Melbourne is considering what the  
waste collection system of the future looks  
like. How might we collect waste in an  
efficient and sustainable way to give people  
an improved experience of the city?

Join a collaborative workshop to explore the  
possibilities of future waste collection.

Location: HS 3.1 – HS 3.4

# Waste SUMMIT

4 OCTOBER 2018
